

Big St. Germain Lake News

- The channel to Content had sand pushed in on the St. side. Shallow but passable. Look at ng into leaks from our dam to see why we can't keep Content higher to wash out sand in spring.
- Called on stocking waiting for answer from DNR. If ok we will put in 2,000 extended growth walleye. 6"
- The St. Germain Sportsman Club donated new markers for Big St.
