  - A. Approved all bills except Arbor Vitae Septic for \$3,577.03 to follow up on possible golf membership for part of the bill. Todd reported that the new toilet between #4 and #12 needs an electric line put in and then the ground around it needs to be seeded.
  - B. Todd said the “old” fairway sand trap on #3 is filled in and seeded. The greens will be aerated on Oct. 8<sup>th</sup>. Silica sand will be used along with hybrid bent grass seed which he said is the way to go with its deep root system and it can be mowed to 1/10 of an inch. He also said that the greens will be aerated again in the spring to get rid of most of the thatch. With less thatch, seepage through the greens will be much better. A “gold” tee will be built on #17. Bill wants Todd to give a cost estimate on the construction of a Croquet court with an irrigation system.
  - C. Margo reported that yearly revenue is up \$50,580. The Northwoods Girls Golf, Inc. will have a scramble with 90+ women playing to raise money for youth golf. She hopes to have 140 players next year. Reservations have been made by large groups for September golf. She will report on “online” reservations at the October meeting.
  - D. There is not much public interest in the anniversary scramble. A decision will be made on September 9<sup>th</sup> to continue with the scramble or cancel it.
