

**AMY B HARTWIG**

I graduated from UW Stevens Point with a Bachelor of Fine Arts in art and psychology. In 1992, I married my husband Kurt, a lifelong resident of Eagle River. As business owners, I chose to be a stay-at-home mom for our four children and volunteered as I could in their education. Three are now college graduates and one is currently a college freshman. All but myself are graduates of Northland Pines. Two of our sons married their high school sweethearts, one of which is also a Pines graduate. We have been a part of the Northland Pines School District since it began back in 1975 and have a vested interest in its direction.

I've always been active in our community, sports and churches; leading a prayer group for over 20 years. I have volunteered at the Eagle River Nursing Home, in local community programs such as Share, Vision 2020 Program which became the Main Street Program and Artscape banner program, as well as various youth groups. I coached youth soccer and helped where I could in our children's sports including soccer, baseball, football, hockey, figure skating, track and clubs, school plays, concert band, jazz band, and Civil Air Patrol. I also enjoy creating art and gardening with my husband and our German wirehaired pointer. We tend a vegetable garden, flower gardens, strawberry beds, small apple orchard and beehives.

I've been a member of the Northland Pines Human Growth and Development Ad Hoc Committee since 2014 and have been attending school board meetings on a regular basis. As a member of the Northland Pines school board, with my traditional American values and faith, I will strive to enhance excellence in academics, to encourage participation in community, sports and activities, and to ensure our students are safe and prepared for adult life.
