## **1.100 INTRODUCTION**

### **1.101 TITLE:**

This chapter shall be known as, referred to and cited as the “Saint Germain Code of Ordinances, Chapter - 1 Zoning”.

### **1.102 STATUTORY AUTHORIZATION:**

This Town Zoning Code is adopted pursuant to the authorization contained in §60.10(2)(c), 60.22, 60.62, 61.35 and 62.23, Wis. Stats.

### **1.103 COUNTY ZONING ORDINANCES ADOPTED:**

The Town hereby adopts by reference the Vilas County General Zoning Ordinance and Shoreland Zoning Ordinance.

### **1.104 PURPOSE:**

This chapter promotes public health, safety and general welfare and codifies land use provisions of the Town Comprehensive Plan.

### **1.105 COMPLIANCE:**

The use of any land or water; the size, shape and placement of the lots; the use, size and locations of structures on lots; the installation and maintenance of water supply and waste disposal facilities; the filling, grading, lagooning, dredging of any land; the cutting of shoreland vegetation; and the subdivision of lots shall be in full compliance with the terms of this chapter and other applicable regulations.

### **1.106 ZONING PERMIT REQUIRED:**

No structure shall hereafter be built, erected, placed, enlarged, altered in a manner that increases the footprint of the structure, or moved within the area subject to the provisions of this chapter, nor shall the principal use of the property be changed from one permitted use classification to another (for example, from residential to commercial), unless a zoning

permit has been applied for in writing and obtained from the Town Zoning Administrator. Expansion of the building footprint or the height of an existing structure requires a zoning permit regardless of value. Such permit shall be posted in a prominent place on the premises or structure prior to the building, erection, placement, enlargement, alteration or movement of such structure.

**1.107 INTERPRETATION:**

In their interpretation and application, the provisions of this chapter shall be held to be minimum requirements, liberally construed in favor of the Town and shall not be deemed a limitation or repeal of any other powers granted by the Wisconsin Statutes.

**1.108 SEVERABILITY:**

Each section and provision of this chapter is hereby declared to be independent, and, notwithstanding any other evidence of legislative intent, it is hereby declared to be the controlling legislative intent that, if any provision of this chapter, or the application thereof to any person or circumstances is held to be invalid, the remaining sections or provisions and the application of such sections and provisions to any person or circumstances other than those to which is held to be invalid shall not be affected thereby, and it is hereby declared that such sections and provisions would have been passed independently of such section or provision so declared to be invalid.

**1.109 ABROGATION AND GREATER RESTRICTIONS:**

It is not intended by this chapter to repeal, abrogate or impair or otherwise affect the application or enforcement of any existing deed restriction, easement, covenant or ordinance other than zoning, except where this chapter imposes greater restriction, easement, covenant or ordinance other than zoning, the provisions of this chapter shall prevail.

**1.110 BUILDINGS UNDER CONSTRUCTION:**

Nothing herein contained shall require any change in the plans, construction, size or designated use of any building, structure or part thereof for which a zoning permit under existing or previous requirements has been issued and that is under construction at the time that this chapter is adopted.

Planned residential unit development is permitted in various district classifications to provide a voluntary regulatory framework designed to encourage and promote improved environmental and aesthetic design in the Town by allowing for greater flexibility in the residential development of land while insuring substantial compliance with the basic intent of this chapter and the general plan for community development. It allows diversification and variation in the bulk and relationship of uses, structures and spaces in developments conceived as comprehensive and cohesive unified plans and projects. It is further intended to encourage development consistent with coordinated area site planning. Approval of planned residential unit development is a conditional use requiring approval pursuant to §1.606 of this chapter.
- (B) PERMITTED USES:  
Other than the existing use, no use shall be permitted in a planned residential unit development, except in conformity with a general development plan and specific implementation plan as provided in this section.
- (C) LOT DIMENSIONS, HEIGHT, FLOOR AREA RATIO, USABLE OPEN SPACE REQUIREMENTS, SIGNS AND OFF-STREET PARKING REQUIREMENTS:  
Except as otherwise required by this section, a planned residential unit development shall have no predetermined specific lot area, lot width, height, floor area ratio, yard, usable open space, signs and off-street parking requirements, but such requirements as are made part of an approved recorded precise development plan agreed upon by the owner and the Town shall be, along with the recorded plan itself, construed to be and enforced as part of this chapter.
- (D) CRITERIA FOR APPROVAL:  
Application of the following criteria shall be applied with specific consideration as to whether it is consistent with the spirit and intent of this chapter and has the potential

for producing significant community benefits in terms of environmental and aesthetic design:

(2) Economic Impact:

Planned residential unit development shall not adversely affect the economic prosperity of the Town or of surround properties.

(3) Preservation and Maintenance of Open Space:

In a planned residential unit development, adequate provision for the improvement and continuing preservation and maintenance of attractive open space shall be made.

(E) IMPLEMENTATION SCHEDULE:

A planned residential unit development shall include suitable assurances that each phase could be completed in a manner which would not result in an adverse effect upon the community as a result of termination at that point.

(F) PROCEDURE.

The procedure for approval of a planned residential unit development is as provided in §1.606 for conditional use permit, except that in addition thereto, the planned residential unit development may only be considered in conjunction with a development plan and shall be subject to the following additional requirements:

The proponent shall file the following with the Town Zoning Committee:

- (a) A statement describing the general character of the intended development.
- (b) An accurate map of the project area, including its relationship to surrounding properties and existing topography, and key features, including existing and proposed trees, shrubs, berms and fencing, with the dimensions (height, width, depth and circumference, as the case may be) of each identifying by species all existing and proposed trees greater than 6 inches in diameter.

Approval of the conditional use permit and related general development plan shall establish the basic right of use for the area when in conformity with the plan as approved, which shall be recorded as an integral component of the district regulations, but such plan shall be conditioned upon approval of a specific implementation plan and shall not make permissible any of the uses as proposed until a specific implementation plan is submitted an approved for all

or a portion of the general development plan. If the approved general development plan is not recorded as approved within 12 months of the date of approval by the Zoning Committee, the approval shall be null and void and a new petition and approval process shall be required to obtain general development plan approval. If the general development plan and specific implementation plan are approved at the same time and not recorded as approved within 12 months of the date of approval by the Zoning Committee, the approval shall be null and void and a new petition and approval process shall be required to obtain general development plan and specific implementation plan approval.

(G) SPECIFIC IMPLEMENTATION PLAN:

A specific implementation plan shall be submitted to the Zoning Committee and shall include the following detailed construction and engineering plans and related detailed documents and schedules, except when specific documents are waived by the Committee:

(I) APPROVAL OF SPECIFIC IMPLEMENTATION PLAN:

- (1) Following a review of the specific implementation plan, the Zoning Committee may approve the plan and authorize the development to proceed accordingly or disapprove the plan and send it back with specific objections for further negotiation with the developer.

This shall be accomplished prior to the issuance of any zoning permit. If the specific implementation plan is not recorded as approved within 12 months of the date of approval, the approval shall be null and void and a new petition and approval process shall be required to obtain specific implementation plan approval.

- (3) Any subsequent change or addition to the plan or use shall first be submitted for approval to the Zoning Committee and if, in the opinion of such Committee, the change or addition constitutes a substantial alteration of the original plan, the procedure provided in sub. **1.409 SHIPPING CONTAINERS:** (Adopted July 22, 2021)

Shipping containers as defined in §1.111 of this chapter are neither permitted nor conditional uses in any Town zoning district.

**1.410 SEXUALLY ORIENTED BUSINESSES:** (Adopted August 6, 2020)

(A) Purpose and Intent: It is the purpose of this ordinance to reasonably regulate the location and operation of sexually oriented businesses, as defined herein, to promote the health, safety, and general welfare of the citizens of the Town. The provisions of this ordinance have neither the purpose nor effect of imposing a limitation or restriction on the content of any communicative materials, including sexually oriented materials. Similarly, it is neither the intent nor effect of this ordinance to restrict or deny access by adults to sexually oriented materials protected by the First Amendment or to deny access by the distributors and exhibitors of sexually oriented entertainment to their intended market. It is furthermore neither the intent nor effect of this ordinance to condone or legitimize the distribution of obscene material.

(B) Findings:

- (1) The Town recognizes that the experiences of other governmental entities and communities with sexually oriented businesses and the findings, studies, and evidence compiled by such governments and communities, as well as the courts, are relevant and important in understanding and addressing the adverse secondary effects that sexually oriented businesses can and do have upon communities, neighborhoods, individuals, and economies. The Town relies upon and incorporates the findings, studies, evidence, and experiences of the governmental entities and communities cited herein, as well as applicable federal and state court holdings, in enacting the regulations set forth in this ordinance.
- (2) Based on evidence concerning the adverse secondary effects of sexually oriented businesses on the community, as reflected in findings incorporated in applicable federal and state court decisions, including but not limited to *City of Erie v. Pap's A.M.*, 529 U.S. 277 (2000); *Barnes v. Glen Theatre, Inc.*, 501 U.S. 560 (1991); *FW/PBS, Inc. v. City of Dallas*, 493 U.S. 215 (1990); *City of Renton v. Playtime Theatres, Inc.*, 475 U.S. 41 (1986); *Arcara v. Cloud Books, Inc.*, 478 U.S. 697 (1986); *Young v. American Mini Theatres, Inc.*, 427 U.S. 50 (1976); *Illinois One News, Inc. v. City of Marshall*, 477 F.3d 461 (7th Cir. 2007); *Ben's Bar, Inc. v. Village of Somerset*, 316 F.3d 702 (7th Cir. 2003); *Schultz v. City of Cumberland*, 228 F.3d 831 (7th Cir. 2000); *East of the River Enterprises II v. City of Hudson*, 2000 WL 1116372 (Wis. Ct. App. Aug. 1, 2000); in studies in other communities, including but not limited to Amarillo, Texas; Austin, Texas; Beaumont, Texas; Dallas, Texas; Effingham County, Illinois; Garden Grove, California; Houston, Texas; Indianapolis, Indiana; Islip, New York; Jackson County, Missouri; Kennedale, Texas; Los Angeles, California; New York, New York; Oklahoma City, Oklahoma; Overland Park, Kansas; Phoenix, Arizona; Tucson, Arizona; and Whittier, California; in reports such as those by the State

of Minnesota Attorney General's Working Group on Regulation of Sexually Oriented Businesses and the Texas City's Attorney's Association; and in various published scholarship, the Town finds that:

- (a) Sexually oriented businesses lend themselves to unlawful and unhealthy activities that, absent lawful regulation, are uncontrolled by the operators of the establishments. Further, absent lawful regulation, there is no mechanism to make the owners of these establishments responsible for the activities that occur on their premises.
- (b) Crime statistics show that all types of crimes, especially sex-related crimes and including but not limited to prostitution and other forms of sex trafficking, rape, sexual assault, the sale, distribution, or display of child pornography, robbery, public indecency, disorderly conduct, disturbances of the peace, drinking in public, littering, and other violations of the law, occur with more frequency in areas where sexually oriented businesses are located.
- (c) There is an increase in the potential for infiltration by organized crime for the purpose of unlawful conduct associated with sexually oriented businesses.
- (d) Studies of the relationship between sexually oriented business and neighborhood property values have found a negative impact on both residential and commercial property values, which, in turn, can have a detrimental impact upon new residential and commercial development.
- (e) Sexually oriented businesses contribute to the physical deterioration and blight of neighborhoods.
- (f) Sexually oriented businesses tend to harm the economic welfare of the communities in which they are located and negatively and adversely effect the quality of life of those communities.
- (g) Employees of certain sexually oriented businesses engage in higher incidences of certain types of illicit sexual behavior than employees of other establishments.
- (h) Sexual acts occur at sexually oriented businesses, especially those which provide private or semiprivate booths or cubicles for viewing films, videos, or live sex shows.
- (i) Persons frequent certain adult theaters, adult arcades, and other sexually oriented businesses for the purposes of engaging in sex within the premises of such sexually oriented businesses.
- (j) At least fifty (50) communicable diseases may be spread by activities occurring in sexually oriented businesses, including but not limited to syphilis, gonorrhea, human immunodeficiency virus infection (HIV-AIDS), genital herpes, hepatitis, amebiasis, salmonella infections, and shigella infections.
- (k) Sanitary conditions in some sexually oriented businesses are unhealthy, in part because the activities conducted there are unhealthy and in further part because of the unregulated nature of the activities and the failure of the owners and the operators of the facilities to self-regulate those activities and maintain those facilities.
- (l) Numerous studies and reports have determined that semen is found in the areas of sexually oriented businesses where persons view adult oriented films.
- (m) The consumption of alcoholic beverages on the premises of sexually oriented businesses exacerbates the deleterious secondary effects of such businesses on the community.
- (n) Sexually oriented businesses have operational characteristics which should be reasonably regulated in order to protect the substantial government concerns addressed herein.

- (o) A reasonable permitting procedure is an appropriate mechanism to place the burden of that reasonable regulation on the owners and the operators of sexually oriented businesses. Further, such a permitting procedure will place an incentive on the operators to see that any sexually oriented businesses in the Town are run in a manner consistent with the health, safety, and welfare of their patrons and employees, as well as the citizens of the Town.
- (p) The disclosure of certain information by those persons ultimately responsible for the day-to-day operation and maintenance of sexually oriented businesses, where such information is substantially related to the substantial governmental interest in the regulation of such uses, will aid in preventing or limiting the adverse secondary effects described herein.
- (q) In light of Wis. Stat. § 66.0107(3), the Town lacks authority to regulate obscenity, and the Town does not intend by adopting this ordinance to regulate obscenity.
- (r) The United States Supreme Court has held that nude dancing is expressive conduct within the outer perimeters of the First Amendment to the United States Constitution and, therefore, is entitled to some limited protection under the First Amendment. Freedom of speech is among our most precious and highly protected rights, and the Town wishes to act consistently with full protection of those rights.
- (s) The enactment of this ordinance legitimately promotes the valid goals and intent of minimizing, preventing, and controlling the adverse secondary effects associated with sexually oriented businesses and does so in a content neutral manner while preserving numerous other means of free expression.
- (t) Reasonable regulation of the location and operation of sexually oriented businesses will protect the residents of the Town from the adverse secondary effects of sexually oriented businesses while providing those who desire to patronize sexually oriented businesses such opportunities within the Town as are appropriate for the location of sexually oriented businesses.
- (u) The general welfare, health, morals, and safety of the citizens of the Town will be promoted by the enactment of this ordinance.

Nothing in this section shall be construed as allowing the establishment of a new sexually oriented business on the premises or within the structure of a legal pre-existing use.

(2) Burden of Proof: The property owner shall have the burden to prove that:

(a) The sexually oriented business was legally established and in existence prior to the Effective Date; and

(b) The use of the premises as a sexually oriented business prior to the Effective Date was so active and actual and was not merely casual and occasional or incidental to the principal use, such that the property owner has acquired a vested interest in the continuance of such a use.

If any such application is denied, the Zoning Committee shall, within five (5) days following the denial, issue to the applicant written notification as to why the permit was denied. Judicial review of such a denial shall be available via section (M) of this ordinance.

- (4) All applicants must be qualified according to the provisions of this ordinance. The application may request, and the applicant shall provide, such information as to enable the Town to determine whether the applicant meets the qualifications established in this ordinance.
- (5) A person who wishes to operate a sexually oriented business must sign the application for a permit as an applicant. If a person (as defined in this ordinance) other than an individual wishes to operate a sexually oriented business, all persons legally responsible for the operations of the sexually oriented business or who have power to control or direct its operations must sign the application for a permit as an applicant. Such persons include but are not limited to general partners, corporate officers, corporate directors, and controlling shareholders. Each applicant shall be considered a permittee if a permit is granted.

(G) Issuance of Permit:

- (1) A permit granted pursuant to this section shall be subject to renewal pursuant to section (J)(1) below upon the written application of the applicant using the standard sexually oriented business permit application provided by the Town and a finding by the Zoning Committee that the applicant has not committed any act during the existence of the previous permit which would be grounds to deny an initial permit application as set forth in subsection (2) below. The renewal of the permit shall be subject to the payment of the fee as set forth in section (H) and follow the timeline set forth in paragraph (2) below.
- (2) Within thirty (30) days after receipt of a completed sexually oriented business application or renewal application, the Zoning Committee shall approve or deny the issuance of a permit to an applicant. The Zoning Committee shall approve the issuance of a permit to an applicant unless it is determined by a preponderance of the evidence that one or more of the following is true:

  - (b) An applicant has failed to provide information reasonably necessary for issuance of the permit or has falsely answered a question or request for information on the application form; or

  - (d) The permit fee required by this ordinance has not been paid; or
  - (e) The application or an applicant of the proposed establishment is otherwise in violation of any of the provisions of this ordinance.

If the Zoning Committee does not act to approve or disapprove the permit application within said thirty (30) day period, the application shall be deemed to have been approved.

All permits shall be posted in a conspicuous place at or near the entrance to the sexually oriented business so that they may be easily read at any time.
- (4) The Zoning Committee or any other applicable health, fire, or zoning authorities shall complete any certification that the premises are in compliance or not in compliance with applicable laws and ordinances within twenty (20) days of

receipt of the completed application by the Town. If such certification is not completed within twenty (20) days, the premises shall be deemed to be in compliance for the purposes of issuing the permit.

- (5) A sexually oriented business permit shall issue for only one classification as found in section (D) of this ordinance.
  - (6) If any application is denied, the Zoning Committee shall, within five (5) days following the denial, issue to the applicant written notification as to why the permit was denied.
  - (7) Any discontinuation in the operation of a sexually oriented business for a period of twelve (12) months or more shall cause the permit to lapse and become void. A permittee whose permit has lapsed in this manner shall thereafter be subject to the procedures applicable to the issuance of new permits.
- (H) Fees:
- (1) Every application for a new sexually oriented business permit shall be accompanied by a \$250.00 non-refundable fee.
  - (2) Every sexually oriented business seeking a renewal permit shall pay to the Town a non-refundable permit renewal fee of \$100.00 prior to issuance of the renewal permit.

- (1) An applicant or permittee shall permit representatives of any applicable police, health, fire, and zoning authorities to inspect those portions of the premises of a sexually oriented business that patrons or customers are permitted to occupy for the purpose of insuring compliance with the law at any time it is open for business.
  - (2) A person who operates a sexually oriented business or his agent or employee commits a violation of this ordinance if he refuses to permit such lawful inspection of the premises at any time it is open for business. Each day that such violation continues will be considered a separate and distinct violation subject to civil forfeiture.
  - (3) The provisions of this section do not apply to areas of an adult motel which are currently being rented by a customer for use as a permanent or temporary habitation.
- (J) Expiration of Permit:
- (1) Each new permit issued under this ordinance shall expire on June 30 of the second calendar year following the date of issuance. (For example, any permit issued during the calendar year 2020 would expire on June 30, 2022.) Each permit may be renewed only by making application as provided in section (F) of this ordinance. Application for renewal shall be made at least thirty (30) days before the expiration date, and when made less than thirty (30) days before the expiration date, the expiration of the permit will not be affected. Once renewed, each permit will expire two (2) years from the date of its issuance.

- (2) When the Town denies renewal of a permit, the applicant shall not be issued a permit for one (1) year from the date of denial. If, subsequent to denial, the Town finds that the basis for denial of the renewal permit has been corrected or abated, the applicant may be granted a permit if at least ninety (90) days have elapsed since the date denial became final.

(K) Suspension of Permit:

- (1) The Town shall suspend a permit for a period not to exceed thirty (30) days if it determines that a permittee or an employee of a permittee has:

Within five (5) business days of receipt of such notice, the permittee may provide to the Zoning Committee, in writing, a response that shall include a statement of reasons why the permit should not be suspended.

If the permittee provides a timely written response, the Zoning Committee shall, within three (3) business days of its receipt of said response, place on the agenda for a meeting of the Board of Appeals a hearing to consider the suspension of the permit and notify the permittee in writing of the date and time of the hearing before the Board of Appeals.

Said hearing shall be conducted within fourteen (14) days of the Zoning Committee's receipt of a permittee's written response to a notice of intent to suspend. At said hearing, the Zoning Committee shall present such evidence and witnesses as it believes warrant a suspension of the permit. Such notice shall include a statement advising the permittee of the right to challenge the suspension in a court of competent jurisdiction pursuant to section (M) of this ordinance.

If the Board of Appeals determines that such grounds exist and determines to revoke the permit, the Board of Appeals shall provide notice to the permittee, in writing and by personal delivery or by certified mail, of the fact of the revocation and the grounds for the revocation. **1.500 EXISTING USES, STRUCTURES AND LOTS**

**1.501 INTRODUCTION AND EXPLANATION:**

(A) GENERAL:

This subchapter contains rules pertaining to uses, structures and lots that existed before the effective date of this chapter but are not in full compliance with the provisions of this chapter. The practice of permitting non-conforming dwellings, non-conforming trade and industry and non-conforming lots to continue is commonly referred to as “grandfathering” or excepting under a “grandfather clause”.

(B) EXISTING CONFORMING CONDITIONAL USES:

- (1) Where a use is classified as a conditional use under this chapter and exists as a conditional or permitted use at the date of the adoption of this chapter, it shall be considered a legal conditional use and not a legal non-conforming use. The authorization granted by this section is in lieu of a conditional use permit and is applicable to the use and structures as they exist at the date of the adoption of this chapter. A conditional use permit shall be required for any expansion or alteration of structures as described in §1.502 or where the use of any such structure is changed to a different conditional use.
- (2) Where a use is not allowed as a conditional or permitted use under this chapter and exists as conditional use on the date of the adoption of this chapter, it shall be considered non-conforming use and shall be subject to the applicable non-conforming use provisions of this subchapter.

**1.502 NON-CONFORMING USES:**

(A) GENERAL:

Where a use is not allowed either as permitted or a conditional use under this chapter but existed as a legal use on the date of the adoption of this chapter, it shall be considered a “legal non-conforming use”. Uses that legally existed at the time of the adoption of this chapter are permitted to continue, subject to the limitations on structural alterations, additions and repairs of such structures set forth in this subchapter, unless the use of property is permanently changed to a conforming use.

(B) CHANGE OF NON-CONFORMING USE:

Provided no structural alterations are made, a non-conforming use may be changed to another non-conforming use of the same or more restrictive classification. A conditional use permit under §1.606 shall be required for any expansion of the building footprint or height of a non-conforming use structure.

(C) DISCONTINUANCE OF NON-CONFORMING USE:

If a non-conforming use under this chapter is discontinued for 12 consecutive months, any further use of the structure or premises shall conform to this chapter with the exception of those structures or properties in probate, foreclosure or other forms of litigation, or subject to pending sale.

(D) EXISTING NON-CONFORMING CONDITIONAL USES:

- (1) Where a use is classified as a conditional use under this chapter and existed as conditional or permitted use on the date of the adoption of this chapter, it shall be considered a legal conditional use and not a legal non-conforming use. The authorization granted by this section is in lieu of a conditional use permit and is applicable to the use and structures as they exist at the date of the adoption of this chapter.

- (2) A conditional use permit under §1.606 shall be required where the use of property is changed subject to a different conditional use. A conditional use permit under §1.606 shall be required for any expansion of the building footprint or height of an existing conditional use structure under par. (a), except that the following expansions and alterations require zoning permit only.
  - (a) The construction of an unattached garage or accessory building.
  - (b) The construction of an attached garage or accessory building not to exceed 20% of the area of the building to which it is attached.
  - (c) Any alteration, expansion or replacement of a structure, not to exceed 20% of the area of the structure in existence on the date of adoption of this chapter, providing the increased area meets the zoning setbacks.
  - (d) Any expansion in the height of a principal or accessory building that does not result in an increase in habitable area.
  - (e) The construction of an attached deck, eaves, projecting windows or other nonstructural features.

### **1.503 NON-CONFORMING STRUCTURES:**

#### **(A) GENERAL:**

Where a structure does not conform to the dimensional or setback requirements of this chapter but was a conforming or legal non-conforming structure prior to the date of adoption of this chapter, such a structure is permitted to remain as a legal non-conforming structure, subject to limitations on structural alterations, additions and repairs as set forth in this subchapter.

#### **(B) NON-CONFORMING STRUCTURES ON BACKLOTS:**

- (1) Modification of a Backlot Non-conforming Structure. A non-conforming structure may be altered or expanded if the modification does not result in any further encroachment on the setback that made the structure non-conforming.
- (2) Accidental Destruction of a Backlot Non-conforming Structure. Should any non-conforming structure located on a backlot be destroyed by a natural catastrophe or accidental fire, the structure may be replaced, provided there is no further encroachment toward the lot line that made the structure non-conforming.

#### **(C) NON-CONFORMING STRUCTURES ON WATERFRONT LOTS:**

Towns may not regulate anything that is regulated by the standards in NR115 or by a county shoreland zoning ordinance enacted under 59.692. Towns may regulate side yard setbacks within the setback of 0' – 75' from the Ordinary High Water Mark.

- (1) Restrictions Applicable to All Non-conforming Waterfront Structures.
  - (a) Side and Rear Lot Line Setbacks: Alterations or additions to non-conforming waterfront structures shall not encroach into any required side or rear lot line setback beyond any existing encroachment. Except as otherwise restricted by this chapter, any existing encroachment may be continued in expansions.
  - (b). Public Road and State Highway Setback: In the area at least 75 feet from the OHWM, alterations or additions to non-conforming waterfront structures shall not encroach into any required public road or State highway setback beyond the existing encroachment. Except as otherwise restricted by this chapter, any existing encroachment may be continued in expansions.
  - (c) Permit Required: County and Town zoning permits are required for any alterations or additions under this subsection. A Vilas County Shoreland

Alteration Permit may also be required as specified by the Vilas County Shoreland Zoning Ordinance.

- (d) Vilas County Regulations Applicable: Vilas County Shoreland Zoning Ordinance provisions are applicable. Paragraphs A, B and D of §6.3 of such ordinance are hereby adopted by reference.
- (2) External Alterations and Additions to Non-conforming Waterfront Principal Structures: Vilas County Shoreland Ordinance provisions are applicable. §6.4 of such ordinance is hereby adopted by reference.
- (3) Accidental Destruction of Waterfront Non-conforming Principal Structure: Should any shoreland non-conforming principal structure be totally destroyed by a natural catastrophe or accidental fire, the structure may be rebuilt within the footprint of the original structure, with additions and alterations to the extent permitted under §(c).

**1.504 NON-CONFORMING VACANT LOTS:**

Non-conforming vacant lots existing at the time of the adoption of this chapter may generally be constructed upon, providing certain minimum requirements are met. Nothing in this chapter shall prohibit the lawful use of a legal non-conforming sized lot for the erection of a structure that can conform to the minimum setback, side lot line and rear lot line requirements of this chapter, provided the lot was described and recorded in the Vilas County Register of Deeds' Office prior to June 19, 2001. Any deviation for the setback, side lot line or rear lot line requirements shall require issuance of a variance or conditional use permit by the Board of Appeals as provided in §1.606 of this chapter.

**1.505 DISPOSITION OF NON-CONFORMING MOBILE HOMES:**

(A) DISCONTINUED USE:

If a non-conforming mobile home is discontinued for use as a dwelling for 12 consecutive months, any further use of the mobile home as a dwelling will require a safety inspection and an Occupancy Permit issues by a Wisconsin Certified Uniform Dwelling Code Building Inspector, with the exception of those structures or properties in probate, foreclosure or other forms of litigation or subject to a pending sale.

(B) ACCIDENTAL DAMAGE OR DESTRUCTION:

If any mobile home used as a dwelling in a location specified in §1.402(1) of this chapter prior to June 19, 2001, is destroyed or damaged by a natural catastrophe, accidental fire, arson or vandalism, the mobile home may be restored.

**1.600 ADMINISTRATION AND ENFORCEMENT**

- (4) Elect a secretary and vice-chair of the Board of Appeals, both of whom shall be members of the Board of Appeals.
- (5) Variance decisions made by the Board of Appeals and Conditional Use Permit decisions made by the Board of Appeals altering previous decisions made by the Zoning Committee or Zoning Administrator shall be recorded by the Town with the Vilas County Register of Deeds.

Any person having a freehold interest, a possessory interest entitled to exclusive possession or a contractual interest which is specifically enforceable in the land for which a conditional use permit is sought may file an application, signed by the owner, to use such land for one or more of the conditional uses provided for this chapter, provided the use is one which is conditionally permitted by this chapter in the zoning district where the parcel is located.

(B) APPLICATION FOR CONDITIONAL USE PERMIT:

An application for a conditional use permit shall be filed with the Zoning Administrator on a form prescribed by the Zoning Administrator. The application shall be accompanied by such plans and other information as may be prescribed by the Zoning Administrator or the Zoning Committee. Notice shall be by regular mail and the last known names and addresses of the property owners shall be those names and addresses as shown on the Township tax records.

(C) HEARING ON APPLICATION:

Upon receipt of the application, the Zoning Committee shall hold a public hearing on each application for a conditional use permit at such time and place as shall be established by the Zoning Committee. The hearing shall be conducted, and a record of the proceedings shall be preserved in such a manner and according to such procedures as the Zoning Committee shall prescribe by rules from time to time. Notice of public hearing shall be given by publication as a Class 2 notice as provided for in §985, Wis. Stats.

(D) STANDARDS:

A conditional use permit shall not be granted by the Zoning Committee, unless the Committee shall find that all the following conditions are present:

- (1) The establishment, maintenance or operation of the conditional use will not be detrimental to or endanger the public health, safety, comfort or general welfare.
- (2) The uses, values and enjoyment of other property in the neighborhood for purposes already permitted shall be in no foreseeable manner substantially

impaired or diminished by establishment, maintenance or operation of the conditional use.

- (3) The establishment of the conditional use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district.
- (4) Adequate utilities, access roads, drainage, buffer areas and landscaping and other necessary site improvements have been or will be provided.
- (5) Adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.
- (6) The conditional use shall conform to all applicable regulations of the district in which it is located.

(E) CONDITIONS AND GUARANTEES:

- (1) Prior to the granting of a conditional use permit, the Zoning Committee may stipulate such conditions and restrictions upon the establishment, location, construction, maintenance and operation of the conditional use deemed necessary to promote the public health, safety and general welfare of the community and to secure compliance with the standards and requirements specified in sub. (4) above. In all cases in which conditional uses are granted, the Zoning Committee shall require evidence and guarantees as it may deem necessary as proof that the conditions stipulated in connection therewith are being and will be complied with.
- (2) Conditional Use Permits approved by the Zoning Committee shall be recorded by the Town with the Vilas County Register of Deeds

(F) AUTOMATIC APPROVAL:

Notwithstanding any other provision of this section, a completed application for a conditional use permit, accompanied by the necessary fee and in compliance with any other requirements set by the Town, shall be automatically approved if more than 45 days pass from the day the application is submitted to the Town and the Town has failed to take any action to consider, approve or deny the application. An application for a conditional use permit for a planned residential unit development pursuant to §1.408 of this chapter shall be automatically approved if more than 90 days pass from the day the completed general development plan is submitted to the Town and the Town has failed to take any action to consider, approve or deny the application.

(G) APPEAL FROM ACTIONS BY THE ZONING COMMITTEE:

An appeal from the decision of the Zoning Committee may be taken to the Board of Appeals by the applicant for the conditional use permit or by an aggrieved party. Such appeal must specify the grounds thereof in respect to the finding of the Zoning Committee and must be filed with the Board of Appeals within 30 days of the final action of the Zoning Committee. The Board of Appeals shall fix a reasonable time for the hearing of the appeal and give public notice thereof as well as due notice to the parties in interest and decide the same within a reasonable time. The action of the Zoning Committee shall be affirmed, unless the Board of Appeals reverses or modifies the action of the Zoning Committee.

(H) EFFECT OF DENIAL OF APPLICATION:

No application for a conditional use which has been denied wholly or in part by the Zoning Committee shall be resubmitted for a period of one year from the date of such denial, except on the grounds of new evidence or proof of change of conditions

found to be valid by the Zoning Committee. In any case, where a conditional use permit issued under this section has not been instituted or construction begun within one year of the date of approval, it shall be null and void without further action by the Zoning Committee.

(I) REVOCAION OF CONDITIONAL USE PERMIT:

If the Zoning Committee finds that the standards and the conditions stipulated in a conditional use permit are not being complied with, the Zoning Committee may revoke the conditional use permit. Appeals from the actions of the Zoning Committee may be as provided above in sub. (7).

(J) CEASED CONDITIONAL USES:

A conditional use permit for any use which has been ceased for a period of one year, except because of probate, litigation or offering for sale, will be deemed to have been terminated and any future use must be in conformity with this chapter.

**1.607 APPEALS:**

(A) FILING APPEALS:

Appeals to the Town Board of Appeals may be taken by any person aggrieved or by any officer, department, board or bureau of the Town affected by a decision of the office of the Zoning Administrator or of the Zoning Committee. Such appeal shall be taken within 30 days as provided by the rules of the Board of Appeals by filing with the Town Clerk a notice of appeal specifying the grounds thereof. Upon filing of an appeal, the Zoning Administrator shall transmit to the Board all the paper constituting the record upon which the action appealed from was taken.

(B) STAY OF PROCEEDINGS:

An appeal shall stay all proceedings in furtherance of the action appealed from, unless the Zoning Administrator or the Zoning Committee certifies to the Board of Appeals that such a stay would cause imminent peril to life or property. In such case, proceedings shall not be stayed other than by restraining order which may be granted by the Board of Appeals or by the court of law.

(C) NOTICE OF HEARING:

The Board of Appeals shall fix a reasonable time for the hearing of the appeal. Notice of time, place and purpose of such hearing shall be given by publication as a Class 2 notice as provided for in §985, Wis. Stats. Notice of time, place and purpose of such hearing shall also be mailed via first class mail to the applicant or appellant, Zoning Administrator and each property owner within a 300' radius of the affected property. If the appeal involves area subject to the Vilas County Shoreland Ordinance or within a 100 year floodplain a copy of the Board's decision shall be provided to Vilas County.

(D) FINDINGS OF THE BOARD: (Revised 12/11/2023)

(1) The Board of Appeals may reverse or modify the decision of the Zoning Administrator, or the Zoning Committee, of the requirement, decision or determination appealed from and may make such order, requirement, decision, or determination as ought to be made and, to that end, shall have the powers of the officer from whom the appeal is taken. Decisions of the Board of Appeals shall thereafter be subject to review by a court of law upon the filing of a writ of certiorari within 30 days of the Board's decision. In the case of a request for a deviation which is 5% or less of a required setback, dimensional or density standard under the following paragraphs, this section shall not apply and the procedures under §1.606 shall be used:

- (1) Dimensional and minimum dwelling area standards contained in §1.202 of this chapter.
- (2) Setback standards contained in Zoning District Regulations §1.304 through §1.315 of this chapter and waterfront lot densities incorporated by reference from the Vilas County Shoreland Zoning Ordinance.

**(B) APPLICATION FOR VARIANCE:**

An application for a variance may be filed by a property owner or owner's agent with the Board of Appeals on forms provided by the Town, together with a nonrefundable fee for the administration of this chapter.

**(C) NOTICE OF HEARING:**

The Board of Appeals shall fix a reasonable time for hearing variance requests. Notice of time, place and purpose of such hearing shall be given by publication as a Class 2 notice as provided in Ch. 985, Wis. Stats. Notice of time, place and purpose of such hearing shall also be mailed via first class mail to the applicant or appellant, Zoning Administrator and each property owner within a 300 foot radius of the affected property. If the variance request involves area subject to the Vilas County Shoreland Ordinance or within a 100-year floodplain, notice of the public hearing and of the Board's decision shall be provided to the Wisconsin Department of Natural Resources district office.

**(D) STANDARDS FOR VARIANCES:**

(1) The Board of Appeals may authorize such variances from the terms of this chapter to dimensional standards which will not be contrary to the public interest where, owing to special conditions, a literal enforcement of this chapter will result in unnecessary hardship and so that the spirit of this chapter shall be maintained and substantial justice done. The Board of Appeals shall use the following guidelines in interpreting this standard.

- (a) The physical surroundings, shape or topographic conditions of the specific property involved could result in a particular hardship upon the owner as distinguished from a mere inconvenience if the strict letter of the regulations were to be carried out.
- (b) The conditions upon which the application for a variance is based would not be applicable generally to other property within the same zoning classification.

- (c) The purpose of the variance is not based exclusively on a desire for economic or material gain by the applicant or owner.
  - (d) The alleged difficulty or hardship is caused by this chapter and has not been created by any person presently having an interest in the property.
  - (e) The granting of a variance will not be detrimental to the welfare or injurious to other property or improvements in the neighborhood in which the property is located.
  - (f) The proposed variance will not impair an adequate supply of light and air to adjacent property, substantially increase the congestion in the public streets, increase the danger of fire or otherwise endanger the public health, safety and welfare or substantially diminish or impair property value in the neighborhood.
- (2) The Board of Appeals may impose such conditions and restrictions upon the premises benefited by the variance as may be necessary to comply with the above standards and to better carry out the general intent of this chapter.

(E) **FINDINGS OF THE BOARD:** (Revised 12/11/2023)

- (1) Upon its findings, the Board of Appeals shall:
- (a) Provide a written decision to the appeal applicant within five business days of making a decision.
  - (b) Provide the Zoning Committee Chairperson with a copy of the written decision, a copy of all written public comments, and copies of all additional documentation received during the appeals process.
- (2) Re-hearings, reconsiderations and new applications seeking the same relief concerning the same property after a previous application has been denied will not be heard by the Board of Appeals unless a substantial change of conditions or circumstances has intervened between the time the matter was first decided by the Board of Appeals and the subsequent application. A change of ownership or the passage of time without additional conditions or circumstances will not justify another hearing before the Board. All decisions and findings of the Board of Appeals shall in all instances be final administrative determinations and shall thereafter be only subject to review by a court of law.

(F) **LENGTH OF VALIDITY:**

No order of the Board of Appeals granting such variance shall be valid for longer than one year from the date of such order, unless a zoning permit is obtained within such period and the erection or alteration of the building is started or the use commenced.

**1.609 ENFORCEMENT AND PENALTIES:**

(A) **RESPONSIBILITY FOR COMPLIANCE.**

It shall be the responsibility of the applicants as well as their agents or other persons acting on their behalf to comply with the provisions of this chapter. Any person, firm or corporation causing a violation or refusing to comply with any provision of this chapter will be notified in writing of such violation by the Town Zoning Administrator, giving the person responsible a time period not to exceed 30 days in the case of construction, or seven days in the case of failure to obtain a permit, from the date of receipt by certified mail of the letter of notification to have the violation brought into compliance with the provisions of this chapter. Every violation of this chapter is a public nuisance and the creation thereof may be enjoined and the maintenance thereof may be abated according to law.

(B) FORFEITURE:

Any person, firm or corporation, including those doing work for others, who violates any provisions of this chapter shall be subject to a forfeiture of \$100.00 plus court costs for the first violation, \$250.00 plus court costs for the second violation and \$500.00 plus court costs for all subsequent violations. Each day a violation exists shall constitute a distinct and separate violation and forfeitures shall apply accordingly.

(C) INJUNCTION:

The Town may enforce this chapter by subjecting any person, firm or corporation, including those doing work for others, who violate any of the provisions of this chapter, to a court injunction prohibiting such violations.

(D) SUSPENSION OF PERMIT:

Whenever the Zoning Administrator determines that there are reasonable grounds for believing that there is a violation of any provision of this chapter, the Zoning Administrator shall give notice to the owner of record as hereinafter provided. Such notice shall be in writing and shall include a statement of the reason for the suspension of the permit. It shall allow 30 days for the performance of any act it requires. If work cannot be completed in the 30 day period, an extension may be granted if reasons of hardship prevail and can be verified. Such notice or order shall be deemed to have been properly served upon such owner or agent when a copy thereof has been sent by certified mail to the owner's last known address or when the owner has been served such notice by any method authorized by the laws of Wisconsin. The Zoning Administrator may proceed to stop all use or actions pursuant to this subsection.

(E) APPEALS OF ENFORCEMENT:

Any person affected by any notice which has been issued in connection with the enforcement of any provision of this chapter may request and shall be granted a hearing of the same before the Board of Appeals.

(F) EMERGENCY CONDITIONS:

Whenever the Zoning Administrator finds that an emergency exists, such as sudden, unexpected occurrences, unforeseen conditions or circumstances at the time beyond one's control, adverse weather conditions, meeting a timetable which requires immediate action to protect the public health, safety and welfare, the Administrator may, without notice of hearing, issue an order citing the existence of such emergency and may require that such action be taken as may be deemed necessary to meet the emergency. Any person to whom such order is directed shall comply therewith immediately. Appeals or challenges to emergency orders may be brought to the Board of Appeals after emergency conditions have ceased. The Zoning Administrator may proceed to abate the emergency condition pursuant to this subsection.
